In a world where put-downs seem to be more common than compliments, our newest book, *Growing Up with a Bucket Full of Happiness: Three Rules for a Happier Life* teaches essential life skills while its accompanying journal, *My Bucketfilling Journal: 30 Days to a Happier Life*, provides a means for each reader to put bucket filling into daily practice.

In its first six months, *Growing Up* received ten awards and hundreds of accolades from both parents and the education community.

To demonstrate our commitment to reducing bullying, we are offering this award-winning two-book set in packages of 25 or more to committed classroom teachers at a 50% classroom discount.

A sequel to *Have You Filled a Bucket Today?*, this 88-page chapter book, written for ages nine and older, advances the bucketfilling concept by teaching three basic life rules and introducing “the lid” as a way to cope with negative, bucket-dipping situations.

Why not ask your local Optimist, Rotary, parent, or other community group to join you in solving the growing bullying problem in a positive way? Ask them to sponsor one or more classroom packages, supplying each child and teacher with their own book and journal at this extremely low price.

We are looking for committed teachers who are willing to work with their students for a few minutes each day for 30 days as each child in their class learns the benefits of kindness, compassion, and resilience and then measures their success with the aid of our easy-to-use bucketfilling journal.

With the 50% discount, 25 books and 25 journals are only \$211.25 plus shipping. Each additional book and journal set is also available at a 50% discount, or \$8.45 for the two-book set.
